

## Did You Know...

November's name has remained unchanged since the ancient Roman calendar, which was in use until 45 BC. This first Roman calendar was only made up of ten months, with November being the ninth month. November actually translates rather appropriately into "ninth month" in Latin. When the Julian calendar was adopted in 45 BC, two new months were added, which pushed November back to the 11<sup>th</sup> month. Despite its change in position, November was never renamed. November is the last of the four months, which have 30 days. The other months are September, April, and June. The Anglo-Saxons had quite a fitting name for November. It's usually at this time of the year in the northern hemisphere that cold winds start to chill you to the bone, and as such, they called it "Wind Monath," or wind

## Lake Catholic Volunteer Day!

Students came to visit and hang out! They took a tour of the Willoughby Branch and learned about our awesome place. We made a cute fall gnome craft. We all showed them our shuffleboard court and started a tournament!

## Welcome Jodi!

Jodi enjoyed a meal with Community Integration and friends from the Willoughby Branch. They went to Auburn Career Center Restaurant where the students prepared a delicious meal. She is excited to go on other outings with Community Integration.

## Community Integration Job Shadowing

### Highlight - Federal Hose

Federal Hose is a factory that produces strip wound metal hoses for over 100 years. DI employees currently assist in the shipping department by labeling and building boxes. They have also strapped large hoses together to prepare for shipment. We were able to help label and put together boxes with the DI employees while we checked out the facility.
